Jennian HOMES

Awa Park

Designed to make everyday life feel easy, the Awa Park offers a smart balance of comfort, privacy and practicality within a well-considered 124.12m^2 floor plan.

With three bedrooms, there's room for family, guests, working from home or creating a space for the hobbies you enjoy. The home's two bathrooms provide extra convenience, while the separate toilet makes busy mornings and visits from friends and whānau that little bit easier.

A single-car garage adds secure parking and useful storage without taking over the footprint of the home. It's a thoughtfully sized design that gives you the spaces that matter while keeping your new home comfortable and easy to look after.
