HOMES
Feels like family

Your personality.

At Jennian Homes we pride ourselves on delivering the home you've always wanted. We'll work with you to create a home that reflects your personality and suits your lifestyle. Custom design your home from your ideas, or add your personal touches to one of our market leading plans. The choice is always yours.

Our expertise.

Jennian Homes has been building the homes New Zealanders love for more than 40 years, so you can rest assured you're in safe hands when you choose Jennian Homes.

We're New Zealand's most awarded builder in the Registered Master Builders House of the Year awards, and we complete all of our homes to the same award-winning standards of design, quality and workmanship.

Our superior buying power and industry relationships make a Jennian home exceptional value for money. We deal with trusted New Zealand based suppliers and recognised brands, so you can be sure everything in your home will be of the highest quality.

And we'll stay in touch after you move in. Your new Jennian home will come complete with a 10-year Standard Master Build Guarantee and an industry-leading 36 month remedial maintenance period.

Your Canterbury Team

Jennian Homes Canterbury owners Dwayne, Sue, Paul and Bubs have been building quality, award winning homes for many years.

With over 60 years combined experience in the building industry you can trust us to build the home you've always wanted.

House of the Year Awards

Our team are thrilled to be winners of multiple House of the Year awards. Including Regional Category winners and making it through to the Top 100 homes in the country, two years running. These accolades recognise and acknowledge the quality Jennian Homes Canterbury pride themselves on with each and every home they build.

CLIENT TESTIMONIALS

“Our experience with Jennian Homes was *professional, organised and easy.*”

Everything was so easy from start to finish. Communication from the project manager and the wider team was prompt, transparent and clear. The weekly updates were greatly appreciated as they kept us in the loop every step of the way. The whole process was so easy, we loved coming to a clean and tidy site in the weekends and seeing how well the builder and his team were respecting the project. Our experience with Jennian Homes was professional, organised and easy from start to finish. The team made the entire process stress free and transparent and provided as much support as we needed to make crucial decisions. Having built our own homes in the past, this journey was by far the best and one we would definitely go on again with Jennian.

Rachel Prendergast

“We felt *well supported* by the Jennian Canterbury team.”

It is very warm, sunny, light and magical to live in. We love it. The kitchen being at the centre of the house works well for us. It has a commanding view of the park over the road, with all its people coming and going, and it also has a view up the street. The storage is more than we need which is always good. Everything works well for us. We felt well supported by the Jennian Canterbury team especially when some vital changes had to be made, prior to going to Council - this was very much appreciated - they always made us feel as though we were their most important clients. Comms were most important and at this they excelled and updates of schedules were prompt whenever a change was made.

Lyn Robb

“They *personalised our home* to how we wanted it...”

They personalised our home to how we wanted it. The ability to add variations was great and really feels like a unique home even though there are others of the same design. I just love how shiny and new the home is.

William Kerr

“They made the planning and building process *easy and fun...*”

Darren and Sun came across as super friendly and very knowledgeable. Given this was my second build and for an investment they were able to recommend plans and land within a few days and make the process very easy for me. They also made me feel valued as a repeat customer which I appreciated greatly. After a fantastic first build experience, it was a no-brainer decision to come back to Jennian Homes Canterbury for my investment property. They made the planning and building process easy and fun, and I really appreciated the regular updates I received from them ensuring I was always up-to-date.

Sean Bennett

“Very open to our ideas *friendly, warm and approachable.*”

Brian was very knowledgeable – he was prepared with plans, section layouts, subdivision plans/guidelines/covenants. His availability was great, communication was prompt and kept us updated throughout, really easy to engage with and was not dismissive of any of our comments – very open to our ideas, very friendly, warm and approachable. Dealing with Brian has been a great pleasure and one of the reasons that we decided to build with Jennian over a different builder was because of how easily we felt we could work with him through the planning process.

Brian and Jennian Homes have also been very accommodating to our personal circumstance by extending the settlement date, and in general showing us that they are committed to working with us.

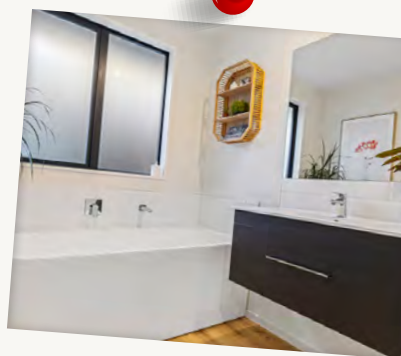

Anna Basova

“Our experience with Jennian was *flawless.*”

Our experience with Jennian was flawless. We felt part of the build the whole way through and nothing was a problem. We felt like building your own home is one of the biggest events of your life and our experience was completely stress free, which is quite the contrast to the stories we had heard from other people's experience with different building companies. Michelle was amazing and we were extremely happy with the initial process, choosing our house plan and the help she provided us when finding a section. We wouldn't hesitate to pick Jennian to build our next house.

Our Process

10 steps to your dream home...

A **personal consultation** with one of our friendly experts to discuss your dreams and aspirations for your new home. Own your own section? No problem, our team can meet you on site to talk about plan options and positioning to suit.

A **pre-consent amount** allows us to begin designing your concept designs, drawn by one of our architects. This amount, along with any other deposits paid are deducted from the cost of your building contract.

The **design stage with your concept drawing begins**. Here you have the opportunity to work alongside your consultant to make any plan adjustments and to work through the specification of your home.

Pricing plans are submitted to our suppliers to obtain quotes and form an official contract price.

Your contract documents are presented for signing, these include a Master Build Contract and 10yr Master Build Guarantee.

Contract Deposit for your new build is required after contract signing.

Your building consent is lodged with Council for approval. Each local council have varying work loads and time frames to approve these. During this time, you visit the interior designer to complete your colour schedule. A pre-construction meeting also occurs with your project manager, who provides you with a build schedule.

Once we have building consent issued, excavation and building commences. Invoicing on progress payments begins, per the stage payments outlined in your Build Contract. During construction, we will schedule site visits for you to view the progress of your home. Weekly progress photos are also sent by email to keep you updated.

On completion, Code of Compliance is granted by the council. Each council have varying workloads and time frames to approve these.

Handover! Congratulations and welcome to your new home!
