About Piripai Rise

Ideal setting...

Explore your ideal coastal setting at Piripai Rise in Coastlands. Just moments away from Whakatane's urban zone and the Hub Retail Centre, Coastlands has emerged into an immensely popular hotspot with the benefits of being part of a secure, family friendly tight-knit community.

Elevated sites offer a captivating blend of coastal and rural vistas surrounded by premium homes. Enhanced by practical building covenants and direct beach access, this promises to be your dream destination.

Feels like family

Jennian Homes Whakatane
proudly **building**
our local community
for over 40 years.

10 Great reasons to choose Jennian Homes Whakatane

1. The Jennian 100% completion promise

The Jennian Homes Completion Promise states that “All Jennian Franchisees and the Franchisor pledge to complete the construction of your home to practical completion to meet the terms and conditions of your contract”. Other builders feel they need to make a big deal out of this. We just do it, as we have done consistently for over four decades.

2. No surprises

Watch out for low-ball Provisional and Prime Cost sums. Your Jennian franchisee can provide you with a fixed-price contract with quotes on everything above the floor slab—up front. You’ll know exactly what your dream home will cost before you sign the contract.

3. New Zealand suppliers of quality products

Beware of cheap materials from overseas suppliers that could cost you a lot more over the life cycle of your home. We deal with trusted New Zealand market-leading brands and suppliers, ensuring that everything that goes into your home is quality and backed by New Zealand market-leading brands and warranties.

4. Most awarded

Jennian Homes is New Zealand’s most awarded builder brand in the Registered Master Builders House of the Year awards. You can rest assured that all Jennian houses are built to an award-winning quality standard.

5. Industry-leading maintenance follow-up

Jennian Franchisees exceed the industry standard and now offer a truly industry-leading 36 Month Defects Warranty* for your increased protection and peace of mind. That’s a whopping 24 months longer than the current industry standard.

6. The best residential building contracts

We have worked with the Registered Master Builders Association to achieve a building contract resulting in progress payments that equal the physical progress of the construction of your home. We only need your money to build your home. Other builders will often ask for more—you should ask why.

7. Future-Proof building

Put simply, future-proof building means having a home that is better to live in today and worth more in the future. We are industry leaders in pioneering the focus towards homes that are safer, warmer, healthier, more energy efficient and more comfortable to live in now and into the future.

8. Superior customer experience - forever

Building your home should be one of the greatest experiences you will ever have. We’ll ensure that you’re kept completely informed throughout the adventure and we’ll keep in touch long after you’ve moved in to your dream home.

9. Uncompromised quality

It can be the hidden things behind the walls that reflect the true quality of your home. The Jennian specification ensures that your home has quality plumbing, frames, insulation and wall linings.

10. Become part of an iconic family

Jennian franchisees have been around for over four decades. Rest assured that your dream is safe with one of New Zealand’s most experienced franchise builders. Having built more than 20,000 homes for New Zealanders, we’re the name you can trust with your dream home.
