Overlooking the valley below, this showstopping home is perfectly positioned to capture the uninterrupted views. The interior is designed to integrate the colour palette of the valley into the home. There is more than meets the eye within this 212sqm home. Four generous bedrooms, two bathrooms, a spacious open-plan living, kitchen, dining area and separate lounge. And we haven't even got to the double garage, the walk-through laundry and the walk-in pantry. Careful design has ensured outdoor living areas are north facing while offering protection from the prevailing winds. Bifold doors open two sides of the living area to a covered deck that wraps around and connects to the main bedroom.
