Stepping into the 3m raised entrance way, negative detailing with stunning LED strip lighting is a bright touch that sets the tone for this smart, stylish home. Further inside a raised concrete hearth and fire with unique feature wall demand attention in the open-plan area. This space also contains a hidden study nook. Double doors connect through from the living zone to a separate lounge and media room. The generous 303sqm home with three bedrooms and three bathrooms is designed around extensive views of the Tararua Ranges. These can be enjoyed from both inside and out. The kitchen is an entertainer's dream with modern appliances and a scullery.
